Alexsys Thompson published a followup article to the one mentioned in our previous Newsletter about the bogus “need” for 40,000 more homes in Vermont. Thank you again Alexsys! Vermont’s Moving Target. How a housing number grew seven times in three years

Also, a correction - The VTDigger commentary by Aaron Adler (Changes in Act 250 and local zoning won't solve housing problems) was published in March of 2023, not 2026. So, the false claim that Act 250 is the raison d’etre for Vermont’s current housing shortage has been foisted on us for some time.
